Reviews

My new favourite crime writer! Tony Millington had me hooked from the word go with *No Reprieve*. I enjoyed the psychological insights offered, and all the twists and turns. The characters were well drawn and really interesting and I found the plot really intriguing. I'm looking forward to the next novel about Monteith and Watson. I would dearly love to see this book made into a film or TV series.

A cracking crime story. This is the first outing for detectives Monteith and Watson as they are thrown into the deep end to investigate a brutal murder within a pub car park. As they begin to dig, more people die. A gripping thriller which includes other subplots, crime readers are sure to enjoy this book. I'm definitely looking forward to the next one in the series.
